---

Professional Experience

Frontend Development Trainee
Information Technology Institute (ITI) – Remote
July 1, 2025 – July 31, 2025

- Completed a 120-hour intensive training program in frontend web development.

- Built responsive websites using HTML5, CSS3, and JavaScript.

- Used Bootstrap to create mobile-first, accessible user interfaces.

- Managed code versions and collaborated on projects using Git and GitHub.

- Developed multiple projects including a personal portfolio, login page, training center website, and mobile store page.

Python Programming Trainee
Creativa, Port Said
April 2025 – May 2025

- Studied fundamental Python concepts including variables, data types, loops, functions, and basic algorithms.

- Practiced problem-solving through coding exercises and small-scale applications.

- Improved logical thinking and programming fundamentals.

Programming Competition Participant
ICPC – Port Said

- Participated in team-based competitive programming events.

- Strengthened skills in algorithm design, time management, and teamwork.

Projects

Personal Portfolio Website
Technologies: HTML, CSS

- Designed and developed a responsive personal website to showcase skills and projects.

- Focused on clean layout, easy navigation, and compatibility across devices.

- Hosted using GitHub Pages.
  Live Preview: https://mostafa015543.github.io/final-personal-/

Training Center Website
Technologies: HTML, CSS

- Created a static website for a training center with sections for courses, trainers, and contact information.

- Implemented responsive design to ensure usability on mobile and desktop.

Login Page
Technologies: HTML, CSS

- Developed a modern, responsive login interface with styled forms and visual feedback.

Mobile Store Page
Technologies: HTML, CSS

- Designed a product display page simulating an online mobile phone store.

- Emphasized product cards, clear pricing, and call-to-action buttons for better user experience.

Education

Bachelor of Business Information Systems (BIS)
Faculty of Management Technology and Information Systems – Port Said University
Expected Graduation: 2027
Relevant Coursework: Programming Fundamentals, Database Systems, Web Technologies
